

Exclusive Psychedelic Assisted Couples Therapy

4- day Weekend Retreat
Netherlands

Strengthen your relationship while experiencing a deep connection in a safe setting

May 12- May 15, 2022

€ 2.500 pp

Your Clinical Team

Jeanine Souren & Hans van Wechem, MD
Hans: Psychiatrist, Bonding Psychotherapist and Marriage and Family Therapist
Jeanine: Psychologist, Psychotherapist, Sexologist and Marriage & Family Therapist.

Exclusive

This retreat is for a maximum of 6 couples. Each participant is thoroughly screened before being allowed to join. This experience is unique. Only couples who meet our exacting standards can join this well structured and exclusive retreat.

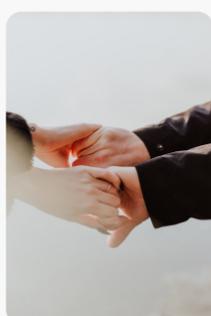

Accommodation

This retreat is for a 3 night - 4 day stay in this historic, luxurious and private accommodation located in a peaceful environment only 40 minutes outside of Amsterdam. Our private chef will cater healthy meals.

A deep process of opening your heart

Combining couples therapy and psychedelics will help you explore your relationship from a different and enlightening perspective. This retreat will help you harness the fundamental changes which your relationship deserves. It works!

Learn and grow together

Jeanine and Hans use their decades of experience apply their expertise and innate understanding of human nature to guide you to explore the deepest part of your relationship. Every moment of this retreat is important. It will help you come back to a place of peace, strength and profound love.

Hans & Jeanine: "The experience of exploring one mind can bring the couple into a unique relational space"

Jeanine: "learn to let go and transform root causes, so you can create a new story."

Extensive knowledge condensed

Clients' feedback:

'Their methods are deeply complementary'

'These two are experts in medicine, psychiatry, psychology, sex therapy, relationship therapy, systemic family therapy and bonding therapy'

'Their feminine and masculine energies complement each other'

Hans: "Not everyone is eligible, screening is an important part of this process."
